

Unit Objective:

To learn how to recognise and recall seven jungle animals in French.

By the end of this unit we will be able to:

- Recognise and recall seven jungle animals in French.
- Recall numbers 1-5 more easily in French.

It will help if we already know:

- Vocabulary from the **Greetings** unit and numbers 1-5 from the **Colours & Numbers** unit.

Skills we will develop:

Learning to listen carefully and repeat what we hear with improving accuracy. Working on memory skills so we are able to remember the new words we have learnt in French long term and with accurate and authentic pronunciation.

Activities we will complete:

A lot of tasks to help us learn to listen more carefully in French. Repeating the words and short phrases each lesson to ensure we can remember all the new language presented to us. Revising what we already know each lesson before learning new words so that we can improve our memory skills.

Grammar we will learn & revisit:

Nouns & articles/determiners. We will start to notice that in French there are often more options for single words like determiners in English. For example, as seen with the word for 'the' in French. Le lion but la girafe. We will see that this happens a lot in French and learn why in future units!

Phonics & pronunciation we will see:

- **ON** nasal sound in lion
- **Guttural 'R'**. Becoming more familiar with the French 'r' sound as seen in serpent and girafe. Beginning to notice that this sound is made from the back of the mouth, not the front. Different to the 'r' sound in English!

Even if we do not see these letters and sounds in the lessons often, we will hear these signature French sounds many times as they appear in key words in this unit.

Vocabulary we will learn & revisit:

Seven jungle animals and an opportunity to revise and recall numbers 1-5.
