## Parental Consent Form

As a school, we sometimes take photographs of pupils. We use these photos to support learning, and to celebrate events, for example in the school newsletter or on the website. All images and videos taken will be held in line with the school's retention schedule.

Photographs by parents and other family members are allowed during school events such as school plays, however we request that you do not post any images on social media that include children other than your own. Please note that inappropriate use/sharing of images captured on school property or using school images may result in a limitation of photography/video being allowed at events.

The school will always use my child's image in line with UK Data Protection Laws. You have several rights in relation to how we use your child's image and you can withdraw your consent at any time. To do this you can contact the school via the Arbor App if you change your mind (note: this will not apply to material already published). The form will be reviewed at appropriate intervals to ensure that you remain happy with your consent.
